

Application scoring

BSc level

The evaluation scores for the application to the Bachelor programme are defined as following. The total score is 100 points, which consists of maximum 60 points for previous achievements, maximum 40 points for online assessment test.

Previous achievements (max 60 points):

1) Language proficiency (max 10 points):

High level English language exam is highly appreciated, while other European languages are also evaluated.

2) Education score (max 40 points):

The points are calculated based on the proportion of the grade point average (GPA) / max GPA, which can be between 0% and 100%. Results of other scaling systems are converted accordingly.

5) Motivation letter (max 10 points):

The motivation letter will be assessed by its content, conceptual soundness, reflection of engagement, correct grammar and clear writing style.

Online assessment test (max 40 points):

The mathematics test will take 45 minutes, and the physics test will take 1 hour and 30 minutes, consisting of 15 and 10 questions. Each question has one correct answer, which is evaluated as 1.5 and 2 points. The test contains questions to assess mathematical calculation ability, logical way of thinking, algorithmic skills, and general knowledge in physics.
